Reference: Many thanks for your ongoing support

2 April 2013

To all of the players of People's Postcode Lottery

I would like to thank you for the wonderful donation of £152,000 raised from recent People's Postcode Lottery draws. WWF Scotland is continually grateful for your ongoing support: to date we have received over £400,000, an amazing sum to help us with our work here in Scotland.

Recent successes include the 'Say No to Hunterston' campaign winning the 'Outstanding Contribution to the Scottish Environment' award at the prestigious Scottish Green Awards. A joint effort led by WWF and RSPB, this four-year campaign brought together a coalition of local people, environmental charities, development and faith groups in a coordinated effort to halt the construction of a new coal-fired power station at Hunterston that would have put Scotland's ambitious climate change targets at risk and destroyed a large area of a nationally protected wildlife site. We're delighted that all of our hard work and determination has been recognised in this way and your support allows us to continue to work on securing these landmark successes.

Once again, many thanks to you and the team at People's Postcode Lottery for your ongoing support and encouragement for all that we do here in Scotland working towards a future where people and nature thrive.

Very best wishes

Lang Banks
Director, WWF Scotland
